Smart Marriages®.....Right on Your Doorstep!!

We've suffered a 50% divorce rate for decades! It's time to do something about it.

The Smart Marriages® conference convenes the country's top relationship experts – determined to turn things around. While they're in town, they'll teach special Saturday Seminars just for the public: Why Talking Is NOT Enough; Win Your Wife's Heart Forever; How to Avoid Marrying A Jerk; 101 Things I Wish I Knew When I Got Married; The Art of Couples Play; Stop Arguing, Start Loving; The Mother-In-Law Conundrum; Marriage Prep - The Second Time Around; Rapid Relationship Repair; PAIRS: Skills for Couples; Spiritual Dimensions of Marriage; and Marital Sex As It Ought To Be.

Saturday Seminars, July 5, 4 - 5:30pm, only \$15 per person!

Register at: www.smartmarriages.com/seminars.html

The seminars are part of **the week-long conference** (July 2-6) which is based on a new **educational** approach. The public is invited to attend the full conference alongside counselors, therapists, clergy, teachers, & family life educators. That's because you don't have to be a mental health professional to teach the courses. **Get trained & certified as a Marriage Education Instructor** and leave the conference ready to teach classes in your congregation, school, agency, base, or community center.

If you don't plan to teach, attend to learn how to make your own relationship all it can be! Great for couples (married, dating, engaged), singles, singles-again, stepfamilies.

Attend a Saturday Seminar, the full conference, or one day. Example: attend Saturday and see 3 major keynotes (**John Gray - Why Mars Venus Collide; Sue Johnson - Hold Me Tight; Cloe Madanes - Ultimate Relationships**) PLUS three 90-min workshops (60 Sat workshops from which to choose).

Visit the **Smart Marriages® Exhibits**. Open to the public, no fee, no need to register. Door-prizes! Wed - Sat, July 2 - 5, 10am-6pm, at the San Francisco Hilton.

Spread the word!

Alert friends, family, clergy, counselors, lay ministers, teachers, and community leaders.

California, this is your chance! The conference moves to a different part of the country each year. This is the first time it will be held in California - and it's not likely to be back for a decade. More than 3,000 people will travel from across the country and around the world – you don't even need to book a flight, all you have to do is get down to the Hilton! 333 O'Farrell St/415-771-1400. BART Powell St Station.

Visit www.smartmarriages.com for 24-page conference catalogue, additional info or to register on-line. Group, spouse, student discounts. 59 hrs CE.
